

Silver Brush Commentary

1. **1000-Grand Prix™ series** When America's foremost Portrait instructors make out a class list; Grand Prix is the first brush series they write about. This series has painted HRH Princess Diana and Retired Supreme Court Justice Harry Blackmun. Recommended by professional schools throughout the US, Grand Prix brings a new excellence to Pure Chungking White Hog Bristle brushes. Unique to this series it has 3 different lengths of filberts; traditional 1003, long 1034 and xtra long 1027.
2. **1100 Silverstone™ series** The finest quality Chungking white hog bristle brushes. Made of naturally curved and interlocked bristles with long flagged tips. It is exactly what the serious oil painter requires. Silverstone series features both filbert and fan brushes in extra large sizes to 20.
3. **1200 Faye™ series** Newly redesigned with a plain lacquered handle. For oil and acrylic painters, this great quality student bristle brush gets the job done. Long lasting and hard working. A must on every artist's easel.
4. **1500S Silverwhite™ series** short handle series. Extraordinary quality for the price! Ten to twelve-diameter synthetic filament brush that does not compromise color carrying capacity. Used by watercolorists and acrylic artists. Sharp needlepoint's and crisp edges make this the greatest value.
5. **1500 Silverwhite™ series** long handle series. Rapidly becoming a best selling series. Soft and resilient, perfect for large canvas painting.
6. **1721S/1821S Silver Stencils™ series** Stencil Mini (1721S) brushes come with extra short white hog bristle hair that is very stiff. Perfect for oil paint stick blending, pastel blending and of course, stenciling. Silver Stencils (1821S) are traditional white hog bristle stencils.
7. **1900 Bristlon™ series** Has quickly become one of our best selling series. Bristlon is ideal for *WATER MIXABLE OILS*/oil and acrylic color. Bristlon leaves very little stroke in the media but is resilient and won't go mushy after use in water-based media. Durable and long lasting Bristlon is an exceptional artist brush series.
8. **2000S Golden Natural™ series** A Blend of natural hair and golden Taklon, this series duplicates the sharp needlepoints and chisel edges of the finest red sable but at such attractive prices. This multi media series is used in Oil, acrylic and watercolor.

9.

2100 Cambridge series Is totally unique to the market place. The Interlocked, deep natural flagged white bristle is blended with a stiff white interlon synthetic filament. Making this series the perfect accompaniment with *Water Mixable Oils*, also in Oils and Acrylics. Heads on nickel-plated brass ferrules with long tapered matte teal colored handles. Perfect for Plein Air painting.

10.

2400S Ultra Mini® series Miniature head on extra large handle. This series is an extraordinary best seller. The Golden Taklon hair is set into a nickel-plated brass ferrule on our Comfort Grip® handles. Ultra Mini is used by watercolorists, miniaturists, decorative artists, jewelry artists, collage artists, nail artists, doll makers, wild life artists, precision model makers and many more.

11.

2500 Ruby Satin™ series long handle. This series came to market because of the tremendous success of our short handle series. Ruby Satin simulates the high performance of hog bristle and mongoose hair brushes (an endangered species) for acrylic painters with longer lasting "Interlon" filaments. Excellent for WATER MIXABLE OILS/oils and acrylic color.

12.

2500S Ruby Satin™ series short handle. In our highlights of products in demand, Ruby Satin is a star. These brushes are made of 100% Interlon filament. A revolutionary NEW synthetic fiber that is tough and very long lasting. Excellent performance brush that every acrylic painter has come to love and depend on.

13.

3000S Black Velvet™ series This is a unique blend of natural squirrel hair and Risslon synthetic filament that creates ideal working tools for watercolorists, silk painters and artists working with inks, fabric dyes, acrylic's or gouache. A treasure in any artist's hand. Adored and admired by watercolorists around the world.

14.

55/5600S Silver Mops™ series These blending mops come in both round and oval shape in black and white goat hair. Set into a nickel-plated brass ferrule, these lustrous brushes are best sellers in every trafficked area. Preferred for background blending and soft watercolor washes, Silver Mop is the best product of its type in the industry. Sells well in the beauty industry.

15.

6000S Sterling Studio™ series short handle this is an excellent choice for a store that caters to students and wishes to have a good brush but at very affordable prices. The head is made of multi diameter Golden Taklon. Set in seamless nickel ferrules on butterscotch colored handles. Prices begin at \$1.80 suggested list price. A guaranteed a fast seller. Sterling Studio™ comes in open stock and 12 packaged sets featuring 4 brushes each.

16.

6100 Sterling Studio long handles series. This series has the same quality as the short handle, golden taklon filament on long tapered handles. It features the unique long handle Wash & Blend brushes in 1, 2 and 3 inch sizes. All brushes except Wash are priced at 3.99 ea.

17.

6800S Crystal™ series This Golden Taklon series comes on popular clear acrylic handles. For stores that cater to watercolorists, doll makers, miniaturists, decorative artists and fine art painters. The multi diameter golden taklon is set into nickel-plated ferrules. The handle does double duty; it will burnish and open watercolor blocks.

18.

7100S Renaissance™ short handle series A best selling Pure Red Sable series. Renaissance brushes come to a fine point or flat chisel edge that resists splitting. They're the watercolorists' choice in a wide variety of sizes and shapes.

19.

7100 Renaissance™ long handle series The finest quality Pure Red Sable long handle brushes for the oil and acrylic canvas painter. Unique shapes such as 7104 Fan and 7110 Cats Tongue make this the professional choice.

20.

5300S/5319S Camel's hair short handle series excellent quality camels hair brushes come in 3 shapes round, flat and "Wee Mop". They are ideal tools for students, amateur, hobbyist and ceramist. Buy them by the handful.
